

Art and the Church

Session 2 - Art in the Early Church

What does Jesus think of art?

What does Luke 21:5 say about the arts? What about Revelation 21

What theological reality formed the mindset of the Early Church? How was this expressed in their art and architecture?

Where was (is) this theological reality lived out in the Church even now?

How did the artwork of the early churches serve the worship life of the church? What message was it trying to send?

How does this relate to the arts of the Old Testament tabernacle and temple?
